

Urban Scholars After School Program

Transportation, Pick Up and Walking Permission Slip

Participants in the Urban Scholars Program have the option to be transported from specific West End Schools to the program. Scholars living in Bridgeport may have the option to take bus transportation home. LifeBridge will contract with a licensed transportation vendor to perform these services. Transportation is free of charge. We have limited bus transportation home within Bridgeport based on scholar need and bus availability.

Please complete all sections that apply to your scholar. If your needs vary by day of the week, please provide specific information on the back of the form. If something changes, please update us.
